

Licking Park District

Scout Badge Programs

The Licking Park District offers specific badge programs to area cub scout dens and girl scout troops. The programs are led by Licking Park District staff and volunteers and help scouts fulfill several of their nature-related badge requirements.

Most programs are offered throughout the year. Programs are approximately one and a half to two hours long and combine both indoor and outdoor experiences. Badge programs are offered only at Licking Park District facilities. There is a \$3.00 fee per scout with a 20 scout maximum per program. If you have a small group (3-5) we encourage you to partner with another.

We request that you make program reservations at least two weeks in advance. Dependent on staff availability, programs may be scheduled in late afternoons, evenings and weekends.

To schedule a program please call (740) 587-2535.
